

# SHAWNEE TRIBE EDUCATION AND SOCIAL SERVICES

*School Clothing and Extracurricular Activities Reimbursement Program (SCECARP)*

## **Supplemental Application for Direct Purchase**

The Education and Social Services Department can provide a Direct Purchase option for families unable to prepurchase school clothing and shoes for reimbursement. Direct Purchase items can be mailed to tribal citizens who live more than twenty-five (25) miles from tribal headquarters. Shipping and packaging expenses may be deducted from award amounts for shipped items. **Only complete this form if you are requesting Direct Purchase of items for a student citizen.** Applicants who elect to utilize the Direct Purchase options are *not* eligible for reimbursement during an awarded term (Spring/Summer or Fall/Winter). A complete application is required for each child each award term (twice annually). A Supplemental Application alone does not constitute a complete application.

Please note, the Direct Purchase option cannot be utilized for the purchase of extracurricular items. Please state below what your sizes and preferences are for each child.
